

Santa Arrives at Rose Hill Station, Marple

The 16.23 Northern train arrival into Rose Hill Station on Monday 4th December had a special passenger on board; Santa Claus was making his annual visit to the station at the invitation of the Friends of Rose Hill Station.

As his train drew into station, Santa was met by a wildly cheering group of children and adults as well as Stockport Mayor, Councillor Graham Greenhalgh, and the Friends of Rose Hill Station Chair, Ms Rachel Singer who then led him through the waiting crowd to his grotto where he was happy to hand over 110 gifts to the waiting children.

With Northern Trains continuing their support with financial and staff help, support from all those involved in the event organisation and help on the day must be recognised, also noting that the donations tins took over £80 over the evening to help the Friends of Rose Hill Station future efforts.

Our local photographer, Arthur M Procter, continues to bring out the excitement and enjoyment of the occasion and the photos shown are all down to his professionalism.
